Internship | Summer 2026 | May 18–August 7 | Flexible Scheduling | Remote/Hybrid | Tempe, AZ

Summary

Modest Method LLC is seeking a motivated UI/UX Design Intern to join a small, collaborative team for the summer. The intern will contribute to the design and front-end development of a proprietary web application currently in active development. This is a hands-on role ideal for a designer looking to bridge the gap between visual design and front-end implementation in a real product environment. The intern will gain experience working in a modern, AI-assisted development workflow alongside the company's founder and principal developer.

Primary Responsibilities

- Designing user interfaces and interactive components for a web application, from concept through implementation
 - Creating wireframes, mockups, and high-fidelity prototypes to communicate design direction and gather feedback
 - Translating approved designs into clean, responsive front-end code (HTML, CSS, JavaScript)
 - Collaborating on UI/UX decisions including layout, typography, color, spacing, and interaction patterns
 - Contributing to brand identity and visual design assets for company projects as needed
 - Working within modern development tools and AI-assisted workflows to build and iterate on designs efficiently
 - Participating in regular design reviews and incorporating constructive feedback into revised work
 - Maintaining organized project files, assets, and documentation
-

Desired Qualifications

- Currently enrolled in a design program with coursework in graphic design, UI/UX design, or a related discipline
- Portfolio demonstrating visual design skills (PDF or website)
- Experience with design tools such as Figma and Adobe Creative Suite
- Familiarity with or willingness to learn HTML, CSS, and JavaScript for front-end implementation
- Strong foundation in design principles including typography, color theory, layout, and visual hierarchy
- Interest in user experience design, usability, and designing for interactive digital products
- Ability to work independently and manage time effectively in a flexible, remote work environment
- Strong communication skills for collaborating across digital platforms
- Eagerness to learn new tools and workflows. Learning on the job is expected and encouraged
